Performance Steps

1. Identify yourself to the distressed individual. It is critical that the chaplain assistant remain calm throughout the intervention.
2. Ask if you can help.
3. Repeat, in your own words, what the individual tells you to ensure you understand the problem.
4. Assure the individual that you will assist them in finding help.
5. Schedule the individual an appointment with the Chaplain, or if necessary, refer the individual to the appropriate helping agency. If the decision is made to refer an individual, explain the reason for the referral and assist them in making the appointment. Note: Do not leave an individual that may present harm to themselves or others alone. Escort those individuals, or contact their chain of command to secure an escort, to Mental Health or other medical personnel immediately.
6. Inform the Chaplain of the contact and any referral or other actions taken as soon as possible.
7. Follow up to ensure the issue was adequately resolved or to schedule addition counseling if needed.

(Asterisks indicates a leader performance step.)

Environment: Environmental protection is not just the law but the right thing to do. It is a continual process and starts with deliberate planning. Always be alert to ways to protect our environment during training and missions. In doing so, you will contribute to the sustainment of our training resources while protecting people and the environment from harmful effects. Refer to FM 3-34.5 Environmental Considerations and GTA 05-08-002 ENVIRONMENTAL-RELATED RISK ASSESSMENT. Environmental protection is a continual process. Always be alert to ways to protect our environment and reduce waste.

Safety: In a training environment, leaders must perform a risk assessment in accordance with FM 5-19, Risk Management. Leaders will complete a DA Form 7566 COMPOSITE RISK MANAGEMENT WORKSHEET during the planning and completion of each task and sub-task by assessing mission, enemy, terrain and weather, troops and support available-time available and civil considerations, (METT-TC). Note: During MOPP training, leaders must ensure personnel are monitored for potential heat injury. Local policies and procedures must be followed during times of increased heat category in order to avoid heat related injury. Consider the MOPP work/rest cycles and water replacement guidelines IAW FM 3-11.4, Multiservice Tactics, Techniques, and Procedures for Nuclear, Biological, and Chemical (NBC) Protection, FM 3-11.5, Multiservice Tactics, Techniques, and Procedures for Chemical, Biological, Radiological, and Nuclear Decontamination. Everyone is responsible for safety. A thorough risk assessment must be completed prior to every mission or operation.
